

How a presentation by Paul Dion CPA gives you instant tax savings

Tax Relief For Investors delivers Paul Dion's savings to your Group!

We helped a real estate broker restructure her business and saved her \$7,350 per year in taxes she was wasting.

A real estate investor was scheduled to overpay \$38,212 in taxes until we reviewed and changed his situation.

I was able to show several brokers how to restructure the ownership of their common franchises. The result.....? They are on target to save \$10,000+ per year, each from this strategy

I took up Paul's offer on his Free 45 Minute Tax Appraisal and read his book, "The Ten Most Expensive Tax Mistakes that Cost Real Estate Agents Thousands". He saved me \$6,337.00 in 2013! I recommend Paul to other Real Estate Agents. ... Mark G.

My agents and I were very impressed with Paul's knowledge and willingness to answer all of our questions as well as expand on opportunities that my agents had when making business decisions that will impact us when filing our taxes. I am grateful that he came to speak with my agents and am looking forward to having him return to our office for more sessions
